Establishment for Fuel Reserve depots in Bangalore city

Continuation Sheet. File No. 1484 of 44 Page

Current No.

Letter no D1-2755/43 dated the 15th August, 1944, from the Director of Food Supplies, requesting sanction for the establishment of three Fuel Reserve depots in Bangalore city.

It is reported that a Reserve Stock of 10,000 tons of fuel will be built up in Bangalore city and that it will be kept in three different areas. In this connection, the Director of Food Supplies has, on the report of the Special Officer, Fuel Supplies (Mr. C. I. Macleria), submitted the following proposals for sanction:-

(i) Establishment for the 3 Reserve depots } To appoint the following staff for each depot:-

1 Fuel Inspector on Rs. 80/- plus Rs. 20/- CA. p.m.

1 Bill clerk — 30/- "

2 peons — (pay not specified. Bu the Special Officer suggests Rs. 11/- for each peon - Vide enclosure to Part I)

(The D.F.S. states that the above establishment is the minimum required for the purpose)

(1) Establishment of Police staff for guarding the Reserve depots

To post four armed Constables to each Reserve depot yards.

(This proposal was the Inspector General of police has agreed to post the above police staff)

To sanction the purchase of 6000 yards of second hand or used wire from the Military department at 50% less than the cost of new wire.

(The cost involved has not been specified. The D.F.S. however states that he has already permitted the Special Officer, Fuel Supplies, to obtain the wire and arrange for fencing the Reserve depots)

Ld. Mr Mathias cost is about 2 8 per cent which make about 11/2 & 118 per cent. this basis the yards will cost 1045. The has been promised not yet obtained

2) The above proposals are for orders. Ld.

3) It would seem desirable if new Reserve depots are maintained.

Ld 17/8 2. Dev. Secy.

Letter no. D1 - 2758/ dated the 28th October, 1944, from the Director of Food Supplies requesting orders sanctioning the appointment of six peons for each Fuel Reserve depot in Bangalore city.

Reference is invited to G.O. No. Ld. 175-8-60/ A84-44-2 dated the 19/21.9.1944, sanctioning the proposal of the Director of Food Supplies to establish 3 Fuel Reserve depots in Bangalore city with the following staff for each depot, till the end of June 1945, for the present:-

1 Fuel Inspector on Rs. 80/- plus Rs. 20/- C.A.

1 Bill clerk — on Rs 30/-

2 peons — 11/- each p.m.

The main file relating to the above G.O. is now under circulation to the Council.

The Director's present proposals relate to:-

(1) Sanction to the appointment of 6 peons on Rs 11/- each p.m. for every Fuel Reserve Depot instead of 2 peons sanctioned in the G.O. dated 19/21.9.44

(Log no. 908 from note)

Establishment for the West Fuel Reserve depot in Bangalore city

~~(1) [illegible]~~

(2) approval to the action taken by him in arranging for the payment of salaries to the staff of the West Fuel Reserve depot ~~staff~~ for the month of September 1944, pending further orders of Government.

The above proposals have to be examined with reference to the main file and the Subsequent. If approved the return of the main file will be awaited for the present.

D. No. 908/44 · Bangalore, Dated the August 15th 1944.

To

The Secretary, to Government,
Development Department, (Supplies),
B a n g a l o r e.

Sir,

Press
16/8

Fuel reserves - building up of - In Bangalore City.

In accordance with the instructions of Government conveyed in your letter No. SD.294/C.122-43 dated 17th July 44 forwarding a copy of the proceedings of the meeting held in the residence of the Minister for Industries and Supplies on the 9th July 1944, the Special Officer, Fuel Supplies, Bangalore City was requested to take immediate action for building up of adquate stocks of fuel and charcoal a a reserve. The Special Officer while forwarding detailed proposals in the matter has requested sanction to the following:

1. Building up of a reserve of about 10 thousand tons of fuel in three different areas in the City.

2. To fence the reserve depots with barbed wire round the perimeter of the yard.

3. To post an armed Police guard consisting of one N.C.O. and 6 men to each of these areas,

4. To appoint three fuel inspectors on Rs. 80 plus 20 C.A. to be in charge of these 3 reserve depots.

5. To appoint 3 bill Clerks on Rs. 30/- each per month one for each reserve depots.

6. For appointment of 6 peons to each of the 3 depots in the first instance.

II. Pending sanction to these proposals, he has requested approval to begin the work of opening a reserve depot in the open ground between the Municipal Offices and the Municipal Swimming Pond as the stocks in the sales depots are increasing and also as it may take time for the perimeter to be wired.

III. I have gone through the proposals of the Special Officer in detail and agree that the staff asked for these depots is the minimum required considering the value of the stocks to be handled and the staff employed in other Provinces for similar purpose.

IV. As regards barbed wire for fencing the Special Officer has negotiated with the Military for supply of 6000 yards of second hand or used wire at 50% less than the cost of new wire and sanction to the purchase of the above by the Special Officer may kindly be accorded. As the matter was very urgent I have asked the Special Officer to obtain the wire and get the fencing.

V. The Special Officer has reported that to the Inspector General of Police

olice has agreed to post 4 armed City Constables to each yard nd this may kindly be approved.

I. The Special Officer has been asked to ~~xxquxxk kkx~~ submit urther proposals regarding accommodation for the guard.

II. The action taken by me may kindly be approved.

A copy of the report of the Special Officer, Fuel Supplies s also enclosed.

I have the honour to be,
Sir,
Your most obedient servant

Director of Food Supplies. 14/8

Copy of the report of the Special Officer for fuel supplies.

Now thatfairly adequate stocks of fuel are being received in Bangalore, it is found that all the depots in Bangalore City have been stocked for beyond their requirements and their individual capacities. For example the 3rd Division itself holds a stock of very nearly 150 tons of fuel in 2 depots. This necessarily raises the problem of providing adequate guards in view of the very heavy stocks held in the depots.

It has been under contemplation to build up an adequate reserve of about 10 thousand tons for Bangalore City and this is to be distributed in 3 different areas. The requirements for each of these reserves yards will be as follows:

1. A strong barbed wire fence round the perimeter of the yard.
2. An armed Police Guard consisting of one N.C.O. and 6 men.
3. One fuel Inspector on Rs. 80/- plus Rs. 20 C.A.
4. Six peons on Rs. 11 each.

The number of peons asked for the yard is what is required for my immediate purpose. t will, of course, be necessary to increase the strength of peons later especially as lorries arriving at the yards wi have to be released as quickly as possible and as more hands will be required for handling the lrge stocks of fuel that will be expected at these yards.

It will be necessary to put up small combined office room and a Guard room immediately. I am however trying to see if it is possible to obtain a few pre-fabricated reinforced concrete huts from the K.G.F If this can be obtained, it will be to a very large extent found usefu to put up sheds.

Incidentsals such as providing for water mains, hydrants and ligh will also have to be sanctioned generally according to the requirement: of each yard.

Pending general sanction on the basic scale for these 3 yards, I may be permitted to start a yard immediately in the open ground betwee the Municipal Offices and the Municipal Swimming Pond, as it may take t for the perimeter to be wired.

I request that the Inspector General of Police may be requested to depute a guard of one N.C.O. and 6 armed men to guard the fuel stocks at this yard in the first instance.

I request that immediate orders be issued in this matter to enable me to start this stock yard, in the next two or three days.

I learn that as a measure of A.R.P. precaution a very extensive barbed wire fence was put up at Thippagondanahalli. The Executive Engineer, Water Supply Division may be addressed in the matter. A lorry will be sent to bring this wire after taking it down.

H. Srinivasan

SUPPLY SECTION 28 OCT

Office of the Director of Food Supplies in Mysore, Bangalore. 27th October. 1944.

D No 2438/44 28

To

The Secretary to Government,
Development Department (Supplies),
BANGALORE.

Sir,

Fuel Establishment for Bangalore City - Reserve Depo

F

Adverting to Government order No.SD.1758-60 dated the 21st September 1944, sanctioning the staff for the fuel and charcoal reserve depots in Bangalore City, I have the honour to state that in the preamble to the Government order, the number of peons proposed for each depot is read as 2 while in fact the minimum required and proposed in my letter read in the Government order is 6.

2. The Special Officer, Fuel Supplies who was permitted to anticipate sanction for this establishment in view of the urgency reports that he appointed four peons with effect from the 1st of September 1944 and the pay of the 2 peons is stated to have been disallowed as only 2 peons are sanctioned to each depot.

3. As already stated in my original proposals, the number of peons stated therein is the minimum required considering the manual work needed to load and unload fuel and to attend to the weighing and arranging coups etc. I request therefore that the number of peons in the Government order read above may kindly be ordered to read as 6 instead of 2 as at present. As much inconvenience is stated to be caused to the peons as a result of non-payment of the pay for September, 1944, I have requested the Auditor & Accounting Officer, Food Supplies, to kind admit their pay pending orders amending the Government order.

4. My action in this regard may kindly be approved by Government and orders obtained sanctioning 6 peons to each of the three reserve depots.

5 A copy of the Special Officer's report referred to is enclosed for the information of Government.

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR OF FOOD SUPPLIES.

BSG/4.

. R. S. App. F. G. 3.

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form.*)

N O T E .

In order to guard against any unforeseen and sudden shortage in the supplies of fuel to Bangalore City it was decided that adequate stocks of f fuel should be built up in the City, as an emergency reserve. Accordingly the Director of Food Supplies reporte that it was necessary to maintain a reserve stock of 10,000 tons of fuel at three convenient centres in the City, at each of which a Government reserve depot was to be established with the following minimum staff:-

1 Fuel Inspector on Rs.80/- plu Rs.20/- C.A. per mensem.
1 Bill Clerk on Rs.30/- -"-
2 Peons - Rs.11/- each -"-

The three reserve depots would fenced with barbed wire round the pe meter of the yard. For this purpose arrangements are stated to have been made for the purchase from the milit authorities of 6,000 yards of used wire at an estimated cost of Rs.1,04 and to post four armed constables to guard each reserve depot yard.

In view of urgency, orders sanc tioning the proposals of the Directo of Food Supplies to establish three fuel reserve depots in Bangalore Cit with the staff suggested by him have been issued, with the approval of th Dewan. The arrangement will, for the present, continue till the end of - June, 1945.
